Update to Virtual Care Notice

- ❖ In line with the current re-opening strategies in place across the Province, we are delighted to welcome back our patients and clients for in-person appointments :)
- ❖ However, to accommodate the preferences of those who are inclined to receiving ongoing virtual care, we will continue to provide services, as appropriate, using our secure telemedicine platforms. If applicable, details concerning how to access virtual care at our Clinic and other pertinent information will be provided to you (or your legal guardian) prior to your appointment.
- ❖ Given the diversity of opinions regarding the pandemic, we kindly request everyone to be respectful of others in our Clinic and the shared areas of our building.
- ❖ **We strongly encourage our patients and clients NOT to engage in discussing any issue related to COVID-19 with others (e.g. vaccination status) while within our Clinic setting (e.g. in the waiting area), except it is legally mandatory.** This is to avert the likelihood of unsolicited intense emotional exchanges. Thank you for understanding.

If you have any question, please, feel free to reach out to us:
